

KILO_CODE_ANALYSIS

Kilo Code Analysis

Tier 2 Agent - Fork of Cline with improvements **Source:** <https://github.com/Kilo-Org/kilocode> **Language:** TypeScript **License:** Apache 2.0

Overview

Kilo Code is a fork of Cline with additional features and improvements. It provides VS Code extension capabilities.

Key Features

- Based on Cline
- VS Code extension
- Additional model support
- Enhanced UI

Documentation

- GitHub: <https://github.com/Kilo-Org/kilocode>

Porting Priority: MEDIUM (features overlap with Cline)
