

Status_Summary

HelixCode Feature Status — Summary

Revision	2
Created	2026-06-15
Last modified	2026-06-15
Status	active (generated by scripts/generate_features_summary.sh)
Status detail	docs/features/Status.md

Auto-generated rollup of docs/features/Status.md (docs_chain §11.4.106). Anti-bluff: video-confirmed rises only as real analyzed recordings land in /Volumes/T7/Downloads/Recordings (§11.4.83/§11.4.107).

Rollup

Metric	Value
Total inventory rows	569
working-untaped (mentions)	348
partial (mentions)	331
gap (mentions)	58
confirmed (real analyzed video)	0 until videos land
helixcode-*.mp4 recordings produced so far	6

See docs/features/Status.md for the full per-feature table.
